6. Division and Office Function

What is the function of the Division and the Office in which this record series is created?

The Division of Public Health, through the leadership of the Director, is responsible for the administration, direction, and coordination of the public health programs throughout Georgia. This is accomplished by the establishment of health standards for business, housing and field operations; the improvement of the physical and dental health of adults and children; the diagnosis and control of diseases; the monitoring of supplies of drinking water; and the daily State-wide program of registration, statistical coding, certification, preservation of certificates for births, marriages, divorces, annulments of marriage, and deaths that occur each year in the State.

The Vital Records Section has the responsibility to provide services for the registration, statistical coding, certification, and preservation of records of birth, death, fetal death, marriage, divorce, annulments of marriage, adoptions, and legitimization of births which occur each year within the State.

7. Records Series Description

This file contains the following documents (include form numbers and titles, if any): Attach samples of the file.

Documents relating to: changes in birth, death, or marriage certificates
